East Greenwich Township Schools

“What We Say and Do Affects Both Me and You”

September 2016

Dear Parents/Guardians,

The first day of school was exciting for students and staff alike. Our Beginner students are learning their way around the building, getting to know their teachers, and making new friends! Our first and second grade students are learning the rules and procedures of their new classrooms and catching up with friends. Fountas and Pinnell and AMIS Web assessments will be administered to many of our Clark students. This information will be used to drive classroom instruction. We are looking forward to a wonderful school year.

Sincerely,
Jessica Mahoney, Principal

Back to School Night

Back to school night for Jeffrey Clark students will be held Monday, September 12 beginning at 6:30 pm. This evening provides an opportunity for parents to hear from members of the administrative team, school board, cafeteria staff, H&S, and meet their child’s teacher. We are looking forward to seeing you there (more info to follow).

September’s Character Trait: Honesty

Our character trait of the month is HONESTY. Clark students are working on showing honesty with their words and actions. Below are some ways we can demonstrate honesty.

- Telling the truth
- Accepting responsibility for actions
- Returning lost items
- Respecting others’ property
- Doing our own work

Be sure to ask your child how he/she demonstrates honesty.

Important Dates

9/12 – Early Dismissal (12:40)

Clark BTSN 6:30 pm

9/15 – Early Dismissal (12:40)

9/20 - Home & School Meeting

Home & School

Thank you to Home & School for their support in student learning through the Field Trip Grant. Monies collected during the 2015-16 SY through fund raising efforts will be used to partially fund student field trips.

Technology Update

We continue to infuse technology into our classrooms. In addition to the Smartboards, each classroom will have devices housed in the classrooms for daily use. These devices will support our teachers in differentiating instruction and will help engage students in meaningful learning experiences. IXL and Raz Kids are available for students to practice their reading and math skills through the use of technology. Students can access this technology both at home and at school.
