

Inclusive Trick or Treating

Halloween is a fun time for all of our students, and we would like to make sure everyone is able to participate. In our district, some of our students are working on communication in various ways. One way some learners do this is through PECS (Picture Exchange Communication System). Some of our learners may use PECS to request treats, and we'd like to share information on how you can help everyone celebrate Halloween. Please follow these steps to help ALL children trick or treat.

1. Greet your trick or treater by saying "hello!" or "Happy Halloween!"
2. When the trick or treater gives you the picture, accept the picture and say "trick or treat!"
3. Give the trick or treater a treat.
4. Due to COVID-19 safety precautions, you may keep and discard of the PECS.

Thank you for your help so trick or treaters of ALL abilities can enjoy their Halloween!
