Starting with the 2018-19 school year, all 3rd grade students will be getting a new Chromebook that they will be using for the next four school years. We are encouraging all parents/guardians to purchase **Accidental Damage Insurance** for their child's district-issued Chromebook.

The insurance can be purchased for a fee of \$25 per year, and covers the cost of any and all **accidental damage** that may occur to your child's assigned device. As an added incentive for third grade students, any parent who prepays 3 years of insurance at a total cost of \$75, the fourth year will be no charge and your child will be able to own the device at the end of the sixth grade year.

Please be aware, any family that does not choose to take advantage of this insurance policy, will be charged for each instance of accidental damage, should they occur, at the following rates:

LCD Screen - \$35	Keyboard - \$52	Touchpad - \$20	Hinge LCD & Cover - \$36
Motherboard - \$90	LCD Video Cable - \$12	Bottom Piece - \$35	Top Cover - \$35
AC Adaptor - \$25	Internal Speakers - \$10	Battery - \$35	LCD Bezel - \$20

Please select one of the options below, sign and return to your child's homeroom teacher.
