Inspirational Messages from Lunch Bunch & Student Council of Character

Our Lunch Bunch and Student Council students are honored to share inspirational messages with our amazing EG Family. Our theme this week is **Advice for Next Year's 5th and 6th Grade Students**. Time flies, and our 5th and 6th grade students have experienced firsthand how fast a school year can go by. Many of our students have learned valuable lessons this year, and they would like to share them with you. Our upcoming 5th and 6th grade students will be a little extra prepared and ready for the next grade with these helpful tips. :)

Advice for Next Year's 5th and 6th Grade Students

Name	What I Enjoyed Most about this Year	Advice for Next Year's Students
David Oravetz	I enjoyed having so many opportunities to learn so many unique things.	Always work your hardest, it always pays off. Remember to be the best person you could be and smile every day. :)
Gracelyn Xiao	I enjoyed learning new things and working with my teachers and friends. I also enjoyed every smile, and everything my teachers do for me.	In sixth grade, all those moments go by quickly, so enjoy every moment you have at this school. You don't know what you have until it's gone! Try your best and don't lose your self confidence! You should know you are awesome no matter what people say!
Abby Malesich	I enjoyed getting new teachers, seeing friends, meeting new people, and having laughs with the class.	Always believe in yourself and you can do what you put your mind to. If you aren't the best at something, keep practicing! Smile all the time!
Mia Bolis	I enjoyed the school dance with our Halloween costumes.	Always try your best even if it is hard.
Ruby Donaruma	I enjoyed all the time that I could spend with my friends, classmates, and teachers.	It takes a little while to get used to all the switching classes, so don't get angry if you forget one or two things in the beginning.
Callie Webb	I enjoyed the many fun activities that you get to do in sixth grade and switching classes.	Don't change for someone else, just be yourself and have fun.
Koffa Singbeh	I enjoyed hanging out with my friends and doing fun stuff like watching movies.	Don't expect everything to be easy.
Colton O'Connell	I enjoyed spending time with my class and learning.	Sometimes it can get to be a lot and difficult, but just stay

		in there and it gets easier as you go on.
Kelsey Dion	I loved being able to hang out with my friends.	Make sure to be organized for switching classes.
Mia Kelly	I loved all the extra activities and my friends.	Be organized.
Ms. Kuhen	I enjoyed working alongside an amazing group of students and colleagues.	Always remember to believe in yourself. You can do anything you put your mind to. I believe in you.
