I am pleased to announce that Diana Muse has been named as making an outstanding difference in the lives of students at Samuel Mickle as part of the national Possibilities in Action Partner program. Sponsored by the National Association of School Psychologists (NASP), the Possibilities in Action Partner program seeks to emphasize supporting the needs of the whole child in furthering positive school outcomes and to honor individual members of the school community who exemplify identification and promotion of the possibilities within each student.

Mrs. Muse is a calm and thoughtful teacher who excels at building community and is a deserved recipient of this honor. Mrs. Muse goes out of her way to build and strengthen relationships with students, doing whatever it takes in order for her students to succeed. She prioritizes flexibility and creates an environment where all students can learn. In Mrs. Muse's time at Samuel Mickle, she has demonstrated extraordinary personal and professional dedication to improving outcomes for students, commitment to collaboration, and dedication to advocating for students. She is dedicated to contributing to children's well-being, readiness to learn, and prioritizes fostering positive relationships, academic self-determination, and connectedness.

Thank you, Mrs. Muse, for creating a positive and loving classroom where students can thrive academically through high quality instruction and an environment where students feel valued and connected. We look forward to honoring Mrs. Muse at the January Board of Education Meeting. Congratulations!
