

East Greenwich Twp. Schools & Leukemia/Lymphoma Society's Pennies for Patients Service Project February 1st – February 28th

*Your SPARE CHANGE CAN HELP SAVE A LIFE! The money collected will support the Leukemia and Lymphoma Society's effort to fund cancer research. Students will be participating in the service project from February 1st-February 28th.

Each student has received an individual collection box. Please do your best to fill this box by collecting spare change that you find in your house. You may also ask family members if they would like to donate, but please do not go door-to-door collecting. You may also set up a webpage to collect donations from family members that may live far away. To set up a webpage, please visit www.StudentSeries.org and join as an individual under Samuel Mickle School. **Check donations** can also be written out to the ***Leukemia & Lymphoma Society***. **All check donations must be submitted in a sealed envelope and include your name and homeroom.**

Once you fill up your collection box, please count up the money with your parents and list the amount collected next to the date on the chart below. **Parents must sign that they have counted the amount with their child.** This will make it easy for us to keep track of how much money each student has collected. Your money will be deposited in the homeroom collection box and your box will be given back to you to continue to collect. **The grade level that collects the most will receive a reward activity.** The final day to hand in your individual collection box is **Tuesday, February 28th.**

****This form will be collected on February 28th.**
