

# EAST GREENWICH TOWNSHIP SCHOOL DISTRICT

Andrea Evans, Superintendent

Gregory Wilson, Business Administrator

April 12, 2021

Dear Parents/Guardians:

This letter is to inform you of **1 confirmed positive case** for Coronavirus Disease 2019 (COVID-19) at the Samuel Mickle School. This is in addition to the **2 confirmed positive cases** for Coronavirus Disease 2019 (COVID-19) at the Jeffrey Clark School and **1 confirmed positive case** for Coronavirus Disease 2019 (COVID-19) at the Samuel Mickle School shared earlier today. The district is coordinating closely with public health officials and following CDC, state, and local health department guidance in order to assure the health and safety of our community.

Currently, both schools remain open for in-person instruction. We ask for your continued cooperation to keep our schools open. Please do not send your child to school if he or she is sick OR if anyone in your household is being tested for COVID-19.

Any student or staff member who is identified as being in close contact with the person who tested positive has been contacted by a school administrator or school nurse. If you did not receive a call, your student was not identified as a close contact in the school setting.

Cleaning and disinfecting of all exposed areas has been completed. The school is also taking precautions to prevent the introduction and spread of viruses and other germs and is cleaning frequently touched surfaces daily.

We understand the level of concern regarding COVID-19. We encourage parents and students to continue following the Centers for Disease Control & Prevention promoted safeguards, such as:

- **Staying home when you are sick:**
- Washing hands often with soap for at least 20 seconds;
- Covering coughs and sneezes and properly disposing of tissues;
- Limiting close contact with people who are sick and not sharing food, drinks and utensils;
- Practicing social distancing (staying at least 6 feet apart);
- Wearing a face covering while in school; and
- Continuing to monitor your health for symptoms.

As always, we appreciate our community's support and cooperation. You can assist us by remaining vigilant but sensible in your approach to dealing with this health concern. Should you have any questions about this situation, please feel free to contact me. Below are some resources that might be helpful.
